UDOT to Close 300 West in Spanish Fork Oct. 20-21 for I-15 Bridge Demolition

Motorists advised to use Spanish Fork Main Street as alternate route

LEHI, Utah (Oct. 11, 2010) — Construction teams on UDOT's Utah County I-15 Corridor Expansion (I-15 CORE) are scheduled to close both directions of 300 West at Interstate 15 for 24 hours Wednesday, Oct. 20, at 7 a.m. through Thursday, Oct. 21, at 7 a.m. as crews demolish an I-15 bridge.

The closure will be in place for pedestrian and motorist safety as crews continue construction along I-15 over 300 West. During the closure, Spanish Fork Main Street will be available as an alternate route. The 300 West bridge is one of the 63 new, rebuilt or modified structures on I-15 CORE.

To minimize delays, UDOT encourages motorists to TravelWise by carpooling, telecommuting, using alternate routes and shifting travel times. The project goal is to reduce 20 percent of the current number of cars in the I-15 CORE area to minimize delays due to construction.

Stay informed by signing up for weekly e-mail updates at udot.utah.gov/i15core, following the project on [facebook.com/i15core](https://www.facebook.com/i15core) and twitter.com/i15core and receiving text updates by texting "i15core" to 53535.
